INDEPENDENT AUDITOR'S REPORT

Board of Directors
Pacific Summit Securities
Irvine, California

I have audited the accompanying statement of financial condition of Pacific Summit Securities (the Company) as of December 31, 2009 and related statements of operations, changes in financial condition, and changes in stockholder's equity for the year then ended. These financial statements are being filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by rule 15c3-1. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of December 31, 2009 and the results of its operations, changes in financial condition and stockholder's equity for the year then ended in conformity with accounting principles generally accepted in the United States.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PACIFIC SUMMIT SECURITIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 - NATURE OF BUSINESS

Pacific Summit Securities, formally South Coast Financial Securities, Inc. (the "Company") was incorporated in the State of California on October 28, 1992 and is registered with the Securities and Exchange Commission as a broker-dealer in securities. On February 8, 1993, the Company became registered as a broker-dealer with the National Association of Securities Dealers, Inc. ("NASD"). The NASD and NYSE Member Regulation consolidated in 2007 to form the Financial Industry Regulatory Agency ("FINRA"). The Company was primarily engaged in general securities trading of domestic and international equities. Subsequent to the change in ownership in 1999, the Company specializes in private financing and collects transaction fees for their services. In addition, the Company engages in merger and acquisition (M&A) advisory business on a commission basis and also conducts fee based advisory services such as the preparation of valuations and fairness opinions. The Company has one location in Southern California. The Company's customers are located in the United States. All financial transactions are conducted with Accredited Investors and funds are collected and disbursed in escrow accounts maintained by reputed banking institutions or, in the alternative, funds are wired directly from institutional investors to the account(s) of the issuers.

The Company does not hold customers' funds or securities. As a result, the Company is exempt from certain provisions and requirements under Rule 15c3-3, pursuant to SEC Rule 17a-5(d) (3) of the Securities Exchange Commission.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition – Investment banking fees are contingent on, and are recognized upon, the successful completion of a project. Investment banking fees are generated from services related to a limited number of transactions. Due to the nature of the Company's business, the size of any one transaction may be significant to the Company's operations for the period. During 2008, a significant portion of the revenues was generated primarily from two customers.

Property, Equipment and Depreciation - Property and equipment are carried at cost. Depreciation is calculated on the straight-line method over estimated economic lives which are generally five years.

PACIFIC SUMMIT SECURITIES
NOTES TO FINANCIAL STATEMENTS - Continued
DECEMBER 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income taxes - The Company elected to be taxed as an S Corporation for Federal and California state income tax purposes. As an S Corporation, Federal and California state taxable income or loss of the Company is allocated to each stockholder in proportion to the stockholder's ownership interest. The appropriate income tax for the allocated share of income is determined by the stockholder's tax status. Additionally, S Corporations are subject to California franchise tax of 1.5% of taxable income.

Investments - Investments in securities are valued at cost.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - NET CAPITAL REQUIREMENT

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital (\$5,000), or 6 2/3% of aggregate indebtedness, as defined under such provisions. See page 8 for the computation of net capital.

NOTE 4 - INCOME TAXES

The Company elected to be taxed as an "S" Corporation whereby the Company's income or loss passes directly to the stockholders. There is a 1.5% state tax with an \$800 minimum. .

NOTE 5 - PENSION PLAN

The Company maintains a retirement plan covering substantially all of its employees. Retirement benefits are provided through the PayChex Retirement Benefit Plan. No contributions were made to the retirement plan in fiscal 2009.

The Profit Sharing and Savings Plan is qualified under Section 401(k) of the Internal Revenue Code. The plan allows eligible employees to contribute up to 100% of their compensation. The Company also makes contributions to the plan annually based on profits each year for the benefit of all eligible employees up to a maximum of 25% of employee compensation.

PACIFIC SUMMIT SECURITIES
NOTES TO FINANCIAL STATEMENTS - Continued
DECEMBER 31, 2009

NOTE 6 - SIPC SUPPLEMENTARY REPORT REQUIREMENT

During the year ended December 31, 2009, SIPC raised its member's assessment to 0.0025 of each member's securities business total revenue. The Company is not required to complete the SIPC Supplementary Report under SEC Rule 17a-5(e) (4) for fiscal years ending December 31, 2009 because the Company's SIPC Net Operating Revenues are under \$500,000.

PACIFIC SUMMIT SECURITIES
COMPUTATION OF NET CAPITAL REQUIREMENTS PURSUANT
TO RULE 15c3-1
DECEMBER 31, 2009

Computation of Net Capital	
Total ownership equity from statement of financial condition	\$ 17,973
Non allowable assets:	
Automobile	(10,180)
Deposits	<u>(192)</u>
Net Capital	<u>\$ 7,601</u>
Computation of Net Capital Requirements	
Minimum net aggregate indebtedness -	
6-2/3% of net aggregate indebtedness	<u>\$ 136</u>
Minimum dollar net capital required	<u>\$ 5,000</u>
Net Capital required (greater of above amounts)	<u>\$ 5,000</u>
Excess Capital	<u>\$ 2,601</u>
Excess net capital at 1000% (net capital less 10% of aggregate indebtedness)	<u>\$ 7,397</u>
Computation of Aggregate Indebtedness	
Total liabilities net of deferred income taxes payable and deferred income	<u>\$ 2,033</u>
Percentage of aggregate indebtedness to net capital	27%
The following is a reconciliation of the above net capital computation with the Company's corresponding unaudited computation pursuant to Rule 179-5(d)(4):	
Net Capital per Company's Computation	\$ 7,810
Variance	
Accrued expenses	(209)
Rounding	<u>0</u>
Net Capital per Audited Report	<u>\$ 7,601</u>

PART II

**Independent Auditor's Report
on Internal Accounting Control Required by SEC Rule 17a-5**

Board of Directors
Pacific Summit Securities
Irvine, California

In planning and performing my audit of the financial statements and supplemental schedules of Pacific Summit Securities (the Company) for the year ended December 31, 2009, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-5(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors
Pacific Summit Securities
Irvine, California

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

My consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. I did not identify any deficiencies in internal control and control activities for safeguarding securities that I consider to be material weaknesses, as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate on December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used for anyone other than these specified parties.

Elizabeth Tractenberg, CPA
